

VECTIS

A2002060

Long Rail Rooftop Clamp
IBR

Application

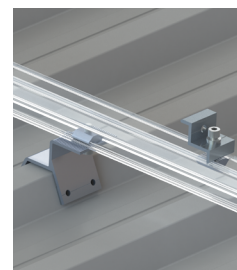

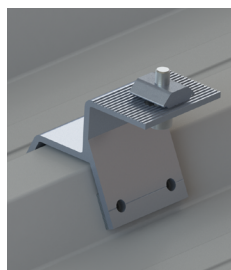

Trapezoidal Sheetting
IBR Sheetting

Dimensions

W 44mm

H 70mm

L 60mm

A2002060

VECTIS

A2002060

Long Rail Rooftop Clamp
IBR

Technical Specifications

Material
Aluminium 6005-T6 Anodized > 10um
Stainless steel self tapping screw SUS410
Industry Advantages
Inherent corrosion resistance results in lower maintenance and extended product life
Self tapping screws allow for ultra-quick installation
EPDM rubber creates a water-tight seal
Compatible with A100 top-bottom rail
10 – year limited warranty
